

An outdoor weatherproof industrial siren made with a durable aluminium body and powerful continuous rated electric motor, available in 3 phase voltage. The very powerful low frequency sound output ensures a sound output of 140dB(A) at 1m. This is our largest siren available for single phase operation.

A reliable siren with a 5-year guarantee*

Typical applications:

Emergency and warning notification device at open cast mines, quarries, larger factories, and open areas like golf courses, airports, harbours, and prisons. Suitable for use as an emergency and warning notification device at indoor noisy environments.
