

BANSHEE

Ex 26D Siren S1

The Banshee Ex 26D Siren S1 is a motorized siren designed for the most challenging environments, including fiery mines and petrochemical plants. Enclosed in a robust 304 or 316 stainless steel housing, this explosion-protected device features a double shaft motor that powers two separate impellers, producing a distinctive sound for maximum alert effectiveness. Cable connections are made easy through the auxiliary terminal box, which includes two M20 cable gland entries and a removable lid for convenient access. Both impellers and their covers are shielded by durable stainless steel nose cones, ensuring reliability and longevity in critical applications.
