

BANSHEE

Ex LED Beacon S1

The Banshee Ex LED Beacon S1 is a signalling device designed for hazardous environments, including fiery mines and petrochemical plants. This explosion-protected beacon is housed in a durable 304 stainless steel enclosure, featuring two M20 cable gland entries and a unique screw-on lid for easy cable connections. The powerful LEDs are encased in a toughened glass dome, safeguarded by a robust stainless steel dome cage, ensuring maximum durability and visibility.
